We Made Some Changes
A QUICK GUIDE TO UNDERSTANDING YOUR NEW STATEMENT

1. The top portion of the statement is for your records.

2. This section is a quick summary of your account with the total amount you need to pay now.

3. This area shows your meter reading information for the last billing cycle.

4. This section provides 26 months of water use history. You can use the information to follow how weather patterns, water efficiency upgrades, and your habits impact your bill.

5. The Billing Summary section provides a detailed summary of your account with the total charges, payments, adjustments, applicable taxes, and amount due.

6. The bottom portion of the statement needs to be returned with your payment, so we can apply your payment quickly and accurately to your account.

7. You can pay your account by check using the self-addressed envelope included with your bill. We also offer other convenient ways to pay your bill.

Online. Make a payment online using the Customer Account Portal at SkagitPUD.org. You can make a one-time payment or register and have 24/7 access to your account information. We accept VISA, MasterCard, Discover or eCheck.

AutoPay. Sign up at SkagitPUD.org for a secure, easy and convenient way to pay your bill. Tell us that you want to pay your bill automatically, and we debit an account of your choosing for the amount owed on your Skagit PUD bill.
