INTERLOCAL COOPERATIVE AGREEMENT

BETWEEN

PUBLIC UTILITY DISTRICT NO. 1 OF SKAGIT COUNTY

AND SKAGIT COUNTY

FOR THE JOSH WILSON ROAD

HIGGINS AIRPORT WAY TO WALKER ROAD PROJECT

THIS AGREEMENT ("Agreement") is made and entered into by and between the Public Utility District No. 1 of Skagit County, a Municipal Corporation (hereinafter referred to as "District"), and Skagit County, a political subdivision of the State of Washington (hereinafter referred to as "County") pursuant to the authority granted by Chapter 39.34 RCW, INTERLOCAL COOPERATION ACT. The District and the County may be individually referred to herein as a "party", and may be collectively referred to herein as the "parties." In consideration of the following terms and conditions, the parties mutually agree as follows:

1. PURPOSE: The purpose of this Agreement is to allow the County to contribute partial reimbursement funding to the District for a portion of the repaving work on Josh Wilson Road, Higgins Airport Way to Walker Road Project (herein after referred to as "Project"). The District owns, operates, and maintains a water line and appurtenances thereto (the "District's facilities") within the County's right-of-way at and in the vicinity of the Project pursuant to the terms of a franchise agreement with the County (the "franchise agreement"). The franchise agreement, dated January 20, 1993 (Skagit County Contract # 14720) is recorded under Skagit County Auditor's File No.: 9305180070, and provides specific terms pertaining to the District's use of the County's right-of-way. The Project is necessary because of construction work to be conducted by the District on the District's facilities, which will require a portion of Josh Wilson Road to be repaved by the District, as provided herein. Pursuant to the terms of the franchise agreement, the District is responsible for the restoration of the County's right-of-way upon completion of the work on the District's facilities (at the expense of the District), and the County wishes to avoid the additional time and expense of independently contracting for the placement of Hot Mix Asphalt (HMA) paving on a portion of Josh Wilson Road (County Road #33000), as would otherwise be required. While the County has no formal involvement in the Project (except as may be expressly provided by the terms of this Agreement), the County does support the goals and purposes of the Project, and upon completion, the Project will result in a newly repaved portion of County road. As such, subject to the terms of this Agreement,
and in recognition of the public benefit to be received by the overall Skagit County community as a result of this Project, the County desires to contribute approximately fifty percent (50%) of the estimated cost of the Project in a total amount not to exceed one-hundred, thirty-five thousand dollars ($135,000) as further described per Section 4., below, and otherwise pursuant to and subject to the terms of this Agreement. The parties agree that the mutual benefits provided by the terms of this Agreement are adequate consideration for this Agreement.

1.1 The project scope of work provides for a 1 ½ inch thick layer of HMA Class ½ inch, P.G. 64-22, approximately 26 feet wide across both lanes of Josh Wilson Road and within the limits of the Project.

2. RESPONSIBILITIES:

2.1 Pursuant to the terms of this Agreement, the District shall:

2.1.1 Provide administrative and technical support for the Project. The Project location is depicted in Exhibits "A-1" & "A-2" and, attached hereto and incorporated by reference. Administration and technical support shall be accomplished by the District in accordance with the Project contract plans and specifications and the most current edition of the Standard Specifications for Road, Bridge, and Municipal Construction as prepared by the Washington State Department of Transportation ("WSDOT"). All Project work performed by the District shall be performed in accordance with permit(s) issued by the County, in compliance with the County Utility Policy and County Road Standards, together with all applicable federal laws and regulations, and the laws and regulations of the State of Washington, the provisions of any applicable County codes, ordinances, regulations, standards and procedures as now exist. The District shall bid and manage the entire Project, pursuant and subject to the terms of this Agreement.

2.1.2 Except as otherwise provided by the terms of this Agreement, the District agrees that the District (at the District’s expense) shall be responsible and liable for the design, permitting, construction and/or implementation of the Project. The District recognizes that such duties specifically include, but are not limited to, providing all necessary Project inspection services, and that the District shall also provide the County with all compaction reports, mix designs, load tickets, material submittals, observation reports, measurements, and temperature readings to verify that the work conforms to the Plans and Specifications or other documentation (as determined to be appropriate by the County) to ensure compliance with the applicable County standards.

2.1.3 As further provided in Section 4. (below), upon satisfactory completion, the District shall bill (invoice) the County for the total estimated cost of the County's portion of the Project (in a total amount not to exceed one-hundred, thirty-five thousand dollars [$135,000]).

2.2 Pursuant to the terms of this Agreement, the County shall:

2.2.1 As further provided in Section 4. (below) upon satisfactory completion and in the ordinary course of business, the County shall promptly reimburse the District upon receipt of an invoice from the District for costs and expenses incurred by the District for the County’s portion of the Project (in a total amount not to exceed one-
hundred, thirty-five thousand dollars [$135,000]).

2.2.2 The County shall provide reasonable cooperation to the District in order to allow the District to construct the Project, including, but not limited to, implementing a temporary closure of Josh Wilson Road (in accordance with RCW 47.48). Unless specifically stated to the contrary in this Agreement, the County is not otherwise obligated to provide any funds, or perform or provide any other services, duties, or responsibilities pursuant to the terms of this Agreement.

2.2.3 Upon completion of the Project to the satisfaction of the County in accordance with the terms of this agreement, the County shall be responsible for the operation, use and/or maintenance of the roadway of Josh Wilson Road including, replacement of lane markings and shoulder grading. The County is not responsible or liable for the operation, use, and/or maintenance of the District’s facilities (including, but not limited to, the District’s water line or any other appurtenances associated with the District’s operations).

2.2.4 Except as may be expressly provided by the terms of this Agreement to the contrary, the County makes no representations or warranties of any kind or of any nature regarding the Project, and the County disclaims any interest or involvement in the Project. The Project is not a County project. The parties agree that except as otherwise expressly provided by the terms of this Agreement, that the County is not responsible or liable for the construction and/or implementation of the Project.

2.2.5 The County may at any time perform (or have performed) any and all work that it considers necessary to repair and/or restore to a safe condition any area within any County roadway(s) which are damaged or disturbed by the Project. In the event that the County performs (or has performed) any such repair and/or restoration work to any County roadway(s), the District shall fully reimburse the County for all actual costs of such work incurred by the County (upon demand of the County, as further provided in Section 4.1, below).

3. TERM OF AGREEMENT: The term of this Agreement shall be from the date of mutual execution through completion of the Project (as shall be mutually determined by the parties), or until December 31, 2017, unless sooner terminated pursuant to the terms herein.

4. In addition, the County will contribute one-hundred percent (100%) of the total cost for HMA placed and invoiced under the District’s Project contract for unscheduled paving of two portions of Josh Wilson Road (STA 10+60.08 to 21+37.76 and STA 46+61.52 to 54+34.57). The County’s total financial contribution to the cost of the Project shall not exceed one-hundred, thirty-five thousand dollars ($135,000) pursuant to the terms of this Agreement. Additional information regarding the County’s contribution toward the total estimated cost of the Project is attached hereto as Exhibit “B” and is hereby incorporated by reference. Upon completion of the Project and receipt of an invoice(s) from the District, the County shall promptly reimburse the District in the ordinary course of business for the total cost of the County’s portion of the Project pursuant to the terms of this Agreement.
4.1 In the event that the County performs (or contracts to have performed) work that the County considers necessary (at the sole judgment and discretion of the County) pursuant to Section 2.2.5 of this Agreement (to repair and/or restore to a safe condition any area within any County roadway[s] which are damaged or disturbed by the Project), the County shall be reimbursed by the District for the actual costs and expenses incurred by the County for any such repair and/or restoration work (including, but not limited to, labor, materials, supplies, use of County equipment, and County staff time); and, in addition thereto, nine percent (9%) of the total actual costs and expenses incurred by the County shall be added for overhead costs for accounting, billing, and administrative services, provided that the County shall submit to the District a certified statement of the costs, and within thirty (30) days thereafter the District shall pay to the County the amount of said statement.
